Always wanted to try pottery?

Our beginners' classes will get you on your way. Throwing, hand-building, slab work, domestic ware, sculptural work, beginner or more experienced – you will find a class here that will suit you.

Weekend Workshops

From time to time there are extra classes at the studio on weekends. This year, we welcome guest tutors from NZ and Australia. Join as a member and follow us on Facebook for more information.

Diploma in Ceramic Arts

Why not take a Diploma in Ceramic Arts? Study here at Waikato Society of Potters in Hamilton with world-class tutors, full- or part-time. This year's course starts in February and is a distance learning course from Otago Polytechnic. Contact the Manager at WSP for a chat, or just follow this link for more information: www.op.ac.nz/art

Terms & Conditions

The Waikato Society of Potters reserves the right to cancel a class if it fails to achieve a minimum number of enrolments, or for reasons outside its control. A full refund or class voucher will be given if the course is cancelled by WSP.

If a student cancels their enrolment on, or after the start date of the course then no refund will be given.

The Waikato Society of Potters reserves the right to discontinue tuition for any student deemed by the Committee to be unsuitable for the course.

The Waikato Society of Potters reserves the right to change the tutor on advertised courses and replace that tutor with another suitable tutor without advertising those changes, or refunding course fees.

We expect that the last 15 minutes of each class is spent cleaning up your own work station, leaving it clean for the next user. Please read the Safe Studio Policy, which is on display in the studio, as this tells you the safest way to do this. Clay dust is hazardous and must be cleaned with water.

Please wear closed-toe shoes and bring your own apron and towel.
